Request for Proposals

DEADLINE DATES:

Proposals Due: Open Deadline until June 30, 2015

LA EPSCoR

LOUISIANA EXPERIMENTAL PROGRAM TO STIMULATE COMPETITIVE RESEARCH (EPSCoR)

Supported By:

The National Science Foundation and the Louisiana Board of Regents

1201 North Third Street, Suite 6-200
Baton Rouge, Louisiana 70802
(225) 342-4253
www.laregents.org

Issuance Date: 19 November 2010

Revision Date: none

Notice: As this Request for Applications may undergo revisions during the five-year grant period, please check our web site at <http://www.laregents.org> to verify that this version is the most up-to-date.

I. PROGRAM DESCRIPTION

I.A. OVERVIEW

The Board of Regents (BoR) solicits proposals to facilitate science and engineering (S&E) research, education and training opportunities for faculty, post-doctoral researchers, and graduate and undergraduate students. Funding for this program is available under Louisiana's NSF EPSCoR (Experimental Program to Stimulate Competitive Research) award. The Links with Industry, Research Centers, and National Laboratories (LINK) program will be administered through the BoR's Office of Sponsored Programs and will operate under the guidance of the State's EPSCoR Committee.

I.B. OBJECTIVES

Louisiana EPSCoR's goals for strengthening the State's research infrastructure are to a) enhance Louisiana's research and development (R&D) competitiveness; b) build partnerships among Louisiana universities, national laboratories, major research centers, and the private sector; and c) recruit students—especially from underrepresented groups—into S&E fields.

LINK will help to develop a diverse, internationally competitive and engaged workforce of scientists and engineers by establishing partnerships and alliances between Louisiana researchers and collaborators at national laboratories, research centers or industrial facilities.

I.C. ELIGIBILITY

Tenured and tenure-track S&E faculty members in any Louisiana public institution of higher education or in any Louisiana higher education institution that is a member of the Louisiana Association of Independent Colleges and Universities are eligible to apply. Post-doctoral researchers and graduate students may participate and can travel independently, but **must** be sponsored by a tenured or tenure-track faculty member, who will serve as the Principal Investigator (PI). Undergraduate students are eligible to participate provided that they are accompanied by a tenured or tenure-track faculty member, who will serve as the PI.

I.D. FINANCIAL CONSIDERATIONS

Louisiana EPSCoR will provide \$500.00 per week, not to exceed a total of \$6,000, for applicants' subsistence (e.g., lodging, meals, etc.) while visiting and training at an industrial facility, research facility or center, or national laboratory. Duration of the visits must range from a minimum of two (2) weeks to a maximum of twelve (12) weeks. In addition, a maximum of \$1,000 in transportation cost reimbursements will be provided. It is expected that the applicant will spend the entire duration of the visit at the facility. Payment of stipends is not permitted. Only expenses that qualify for travel reimbursement under the current state general travel regulations (Policy and Procedures Memorandum #49) are allowable.

A faculty applicant may also request that an undergraduate student, graduate student, or a post-doctoral researcher accompany him/her. A justification must be included in the project description. The same weekly allowance and transportation cost reimbursements, per person, will apply. Post-doctoral researchers and graduate students may participate and can travel independently, but undergraduate students must be accompanied by the Principal Investigator.

Although institutional commitment is not required, existing or new support from the applicant's institution and/or other sources to ensure success of the proposed project is expected.

Financial support pledged in the proposal must be honored in the event that the proposal is funded.

Funds will be made available by contract from the BoR to the PI's institution. Indirect charges (i.e., overhead or facilities and administrative costs) are not allowed under this program.

I.E. DEADLINE FOR SUBMISSION OF PROPOSALS

This program has an open deadline from November 19, 2010 until June 30, 2015. Proposals will be accepted throughout this period, contingent on availability of funds. Proposals must be received on LOGAN **at least thirty (30) days before the requested start date of travel.** Proposals must be submitted electronically in pdf format; the BoR will not accept hard copy submissions. Failure to meet this deadline will invalidate the submission.

II. PROPOSAL SUBMISSION AND FORMAT REQUIREMENTS

The following proposal requirements must be followed closely. *Proposals that do not adhere to all of these guidelines and stipulations will not be considered.*

II.A. GENERAL REQUIREMENTS

II.A.1 FREQUENCY OF TRAVEL

Participants are limited to one LINK award per calendar year, based on the date travel begins.

II.A.2 ELECTRONIC SUBMISSION

The proposal must be submitted to the Board of Regents by the lead institution's authorized representative. Electronic submission by the authorized representative will denote institutional approval of the proposal and acceptance of the requirements of this RFP. Proposals submitted directly to the Board of Regents by the applicant or sponsoring faculty member **will not** be accepted.

Instructions for PIs:

1. Go to URL: <https://laregents.org/cgi-bin/logan/home>.
2. Login using your LOGAN credentials.
 - a. If you are new user and do not have a LOGAN login, please click on "New user registration" to register.
 - b. If you have logged into LOGAN before and have forgotten your credentials please send an email to support@laregents.org.
3. After logging in, click on "LINK Proposals" and use the provided online form to select and upload the PDF document.
4. If upload is successful, send the proposal to your sponsored programs office by clicking the "Send Proposal to OSP/OSR". A proposal number will be assigned after the proposal is successfully sent to the PI's Office of Sponsored Programs/Research.
5. An email confirmation will be sent to the PI with the proposal number.
6. The OSP/OSR will review the proposal, and, if approved, send the proposal to the Board of Regents.

Instructions for the OSP/OSR:

1. Go to URL: <https://laregents.org/cgi-bin/logan/home>.
2. Login using your Institutional credentials.
3. Select "LINK Proposals".

4. Follow simple onscreen instructions to submit the proposal to the Board of Regents, EPSCoR office.
5. An email will be sent to both the PI and OSP/OSR to confirm successful submission of the proposal.

If **both** the PI and the OSP/OSR do not receive confirmation emails within 12 hours, the proposal was not received. In that case, send an email to support@laregents.org.

II.A.3 FORMAT REQUIREMENTS

All sections of the proposal must be formatted to a standard 8-1/2" x 11" page; all pages are to be numbered consecutively and have 1-inch top, bottom, and side margins.

II.B PROPOSAL FORMAT

II.B.1 COVER PAGE

The faculty applicant/sponsor must be the PI on the application. See attached form.

II.B.2 SUMMARY

A 200-word summary of the proposed activity is required. It must provide specific information regarding destination, collaborators, and overall objectives.

II.B.3 PROJECT DESCRIPTION

The project description, not to exceed five (5) pages, should: (1) Describe the partnering facility and its capabilities as related to the proposed activities; (2) Identify a researcher(s) at the partnering facility with whom the applicant plans to collaborate and provide the rationale for selecting the collaborator; (3) Provide a statement of work listing the major research tasks to be carried out, a timeline for accomplishing the tasks, and expected outcomes; and (4) Describe the potential of this collaboration in attracting federal funds.

II.B.4 REFERENCES CITED

Not to exceed one page.

II.B.5 BUDGET AND BUDGET JUSTIFICATION

A summary budget covering the award period is required. It must include a budget justification/explanation. The only acceptable budget line item for requested funds is 'Travel.' See attached budget worksheet and budget form.

All institutional/private sector support for which the PI has received a commitment as cited in the text of the application must be listed on the budget page and explained in the budget justification.

II.B.6 BIOGRAPHICAL SKETCHES

Biographical sketches of the faculty applicant/sponsor, students/post-doctoral researchers, and any collaborators from the laboratory, research center, or industry are required. Biographical sketches must not exceed two pages each.

II.B.7 LETTERS OF SUPPORT

For graduate students or post-doctoral researchers traveling independently, a letter of support from the faculty sponsor, co-signed by the Department Head or Dean, and a letter of invitation (email will suffice) from the collaborator at the partnering facility must be included.

For faculty members, a letter of support from the Department Head or Dean, and a letter of invitation (email will suffice) from the collaborator at the partnering facility must be included.

III. POST-AWARD REQUIREMENTS

For the awarded proposals, the PI is responsible for submitting a final report in letter format, which is due at the completion of the grant. The report must be submitted using the Board's electronic reporting system, LOGAN.

The objective of the LINK program is to increase the competitiveness of Louisiana's emerging S&E faculty researchers. To document successes and justify continuing support for the program, participants are required to complete a questionnaire approximately one year after the completion of their travel to determine if the investment generated positive results. The questionnaire will address whether the LINK program yielded any of the following: 1) grant proposals/awards; 2) research publications, 3) presentations at regional, national, or international conferences, 4) research accomplishments for undergraduate, graduate students, or postdoctoral researchers, and 5) other research nuggets. Submission of an application and acceptance of an award commits the individual awardee and awardee's institution to fully comply with this requirement. Once this information is provided, the awardee's LINK responsibilities are fulfilled. Failure of an awardee to comply with these requirements will result in declination of future LA EPSCoR awards to that individual until such time the delinquent report is received.

IV. QUESTIONS ABOUT RFP

Specific questions concerning this RFP and the requirements set forth herein should be directed to Mr. Jim Gershey, Executive Director of Special Programs, by email: jim.gershey@la.gov.

Why this information is being requested:

The National Science Foundation (NSF) is committed to providing equal opportunities for participation in its programs and promoting the full use of the Nation's research resources. To aid in meeting these objectives, NSF requests information on the gender, race, ethnicity and disability status of individuals participating in NSF-sponsored activities. Provision of this information is voluntary.

The above information will be used for NSF reporting purposes only and will not be considered as a precondition of a LINK award.

LINK BUDGET WORKSHEET

Organization: _____

Principal Investigator: _____

A. Number of participants: _____

B. Duration of visit in weeks: _____

C. Multiply A x B: _____

D. Multiply result of C by \$500: _____ (maximum subsistence amount)

E. Multiply A by \$1000: _____ (maximum travel allowance)

F. Add D+ E: _____ (total amount of request)

The total amount of request (line F on this worksheet) should be listed on the budget page on Line E, "Travel." This will be the maximum compensation amount listed in the LINK contract issued to your institution. Actual reimbursement will be based on the expenses incurred during the LINK visit.

Any institutional or other support committed as cost sharing should be listed in the column marked "Institutional Match."

3) Did your participation in the LINK program result in any presentations at regional, national, or international conferences or meetings? (Please list.)

4) Did your LINK award support the research of any undergraduate, graduate students, or postdoctoral researchers? If so, please describe some of their research accomplishments.

5) Please list any other important research nuggets that have come out of your participation in the LINK program.
