

NASA EPSCoR Request for Preproposals, FY2014

Answers given by Board of Regents staff in response to questions in response to the NASA EPSCoR Request for Preproposals as of **September 30, 2013**, which was the last day to answer questions.

Notice of Intent were due: September 9, 2013
Preproposals are due: October 11, 2013

Question:

I'm having a bit of trouble locating the target areas for the 2014 NASA EPSCoR RFP. Can you please send me the list?

Answer:

You can consult last year's NASA Cooperative Agreement Notice (CAN), for which a link is provided in our RFP (<http://goo.gl/ILHp1H>). Section 2.4, entitled "NASA Research Areas of Interest", contains information that should be of assistance to you.

The Board's RFP, as noted, was issued in advance of NASA's issuance of the FY2014 CAN; but it is not expected that it will vary significantly from last year's.
