

# OPPORTUNITIES for PARTNERSHIPS in TECHNOLOGY with INDUSTRY (OPT-IN)

## *FY2013-14 Request for Proposals (Second Round)*

DEADLINE DATES:

Last day for questions and answers about this RFP: **May 8, 2014**

Proposals due: **May 22, 2014**

RFP ISSUE DATE: **February 24, 2014**

# LA EPSCoR

## LOUISIANA EXPERIMENTAL PROGRAM TO STIMULATE COMPETITIVE RESEARCH (EPSCoR)

Supported by:

**The National Science Foundation and the Louisiana Board of Regents**

1201 North Third Street, Suite 6-200

Baton Rouge, Louisiana 70802

(225) 342-4253

[www.laregents.org](http://www.laregents.org)

## **I. Program Description**

### **I.A. Overview**

The Louisiana Experimental Program to Stimulate Competitive Research (LA-EPSCoR) solicits science and engineering (S&E) research proposals from the State's tenured, tenure-track, or full-time research professors seeking funding to partner with industrial entities to: build sustainable relationships between academia and industry; facilitate the commercialization of research; enhance research competitiveness; and contribute to the economic development of Louisiana.

This program is limited to the science and engineering research disciplines supported by the National Science Foundation (NSF). For more information about which disciplines are supported by NSF please visit:

<http://www.nsf.gov/funding/aboutfunding.jsp>. It is up to the proposer to determine whether the discipline proposed is one that is supported by NSF.

Funding for the **Opportunities for Partnerships in Technology with Industry (OPT-IN)** program is provided through the Board of Regents Support Fund in conjunction with the EPSCoR cooperative agreement between Louisiana and NSF. The program will operate under the guidance of the State's EPSCoR Committee.

### **I.B. Award Types**

The OPT-IN program is designed to support faculty in their efforts to collaborate with private sector industrial/business entities. Two types of awards are offered:

#### **Category I (Research Focus) Award**

- Provides funding for one year
- Cash match from industry sponsor(s) is required
- Single or multiple investigators are allowed

#### **Category II (Commercialization Focus) Award**

- Provides funding for one year
- Funding is to be used for prototype development, which can result in the commercialization of a product, or formation of a spin-off company
- Requires a letter of support from the PI's Department Chair, Dean of the College, or Center Director that would reflect commitment of time and effort to achieve the goals of the proposed project
- Single or multiple investigators are allowed.

### I.C. Financial Considerations

For **Category I** Awards, the minimum award is \$10,000 and the maximum is \$50,000. LA-EPSCoR funds requested must include cash match provided by the industry/business sponsor(s) according to the following guidelines:

- For industry/business sponsors based in, or having a presence in Louisiana (e.g., branch office, laboratory, or production facility), the minimum requirement is \$1 in cash match for each \$2.50 in LA-EPSCoR funds requested. The existence of a company representative residing and/or conducting business in Louisiana **does not** constitute a presence in the State for the purposes of this RFP. It is incumbent upon the proposer to provide appropriate evidence/documentation or discussion to substantiate a company's presence in Louisiana.
- For non-Louisiana industry/business sponsors, the minimum requirement is \$1 in cash match for each \$1 in LA-EPSCoR funds requested.
- Sponsor match must be in cash. In-kind matches (personnel time, use of existing equipment or facilities, etc.) will not count towards the required cash match.

Proposers may not have a substantial financial interest (partial or full ownership) in the industry/business sponsor. Possession of stock in a publicly-traded company does not constitute ownership.

The table below illustrates the funding ratios.

<b>Category I</b>	LA-EPSCoR Award Amount	Louisiana Industrial Sponsor Cash Match required	Non-Louisiana Industrial Sponsor Cash Match required
Minimum award	\$10,000	\$4,000	\$10,000
Maximum award	\$50,000	\$20,000	\$50,000

For **Category II** awards, LA EPSCoR will award funds up to a maximum of \$20,000. Cost sharing from industrial/private entities is encouraged, but not required.

Award dollars from **both** categories may be used to support students, post-doctoral researchers, travel, and the purchase of scientific equipment and supplies. Faculty salaries (tenured, tenure-track, and non-tenure track) are **not** allowable expenses for EPSCoR funds, but **are** allowable for Industrial Sponsor funds. Charges for tuition are not allowed. Any scientific equipment requested must have a strong justification included in the project description. Indirect charges (i.e. overhead) are not allowed on the LA-EPSCoR funds awarded under this program.

Approximately \$150,000 is available to fund the OPT-IN program for this competition.

Funds will be made available by contract from the BoR to the Principal Investigator's (PI) institution.

### **I.D. Eligibility**

Individuals who hold a regular tenured or tenure-track position or a full-time research professor position at any Louisiana public institution of higher education, or at any Louisiana higher education institution that is a member of the Louisiana Association of Independent Colleges and Universities, are eligible to apply. Current or prior OPT-IN recipients are eligible to apply, but should note the additional requirement listed in Section II.B.3.

Principal investigators who are delinquent in submitting contractually required reports for prior or existing Board of Regents Support Fund and/or Federal awards managed by the Board of Regents Sponsored Programs Section are precluded from submitting a proposal in response to this RFP until the required report(s) has been received and accepted by the Board.

### **I.E. Timetable**

May 8, 2014	Last day to answer questions concerning this RFP
May 22, 2014	Proposals due at the BoR
June 1, 2014	Expected start date of awarded projects

### **I.F. Deadline for Submission of Proposals**

The **deadline** for receipt of proposals on the BoR server is **4:30 PM on Thursday, May 22, 2014**. *Proposals must be submitted electronically; the BoR will not accept hard copy submissions.* Failure to meet this deadline will invalidate the submission.

### **I.G. Reporting**

Successful applicants will be required to submit a final report, due at the completion of the contract term. In addition, a follow-up report will be required one year after completion of the project to help assess the efficacy and impact of the OPT-IN program. Failure of an awardee to comply with these requirements will result in declination of future LA EPSCoR awards to that individual until such time the delinquent report is received.

## **II. Proposal Submission and Format Requirements**

The following proposal requirements must be followed closely. *Proposals that do not adhere to these guidelines will not be considered.*

### **II.A. General Requirements**

The applicant is responsible for any misunderstandings that occur because of incorrect proposal assembly and delivery to the BoR. The proposal submission system is programmed to close at the deadline cited. Note that submission deadlines are absolute and that all campus work on the application, including final approval and submission to the Board of Regents by the designated campus office, must be completed on or before the deadline date and time.

### II.A.1 Electronic Submission

The proposal **must** be submitted to the Board of Regents by the submitting institution's authorized representative. **Proposals directly submitted to the Board of Regents by individual PIs will not be accepted.** All online submissions must be uploaded as a single PDF document through the LOGAN system.

Instructions for PIs:

1. Go to URL: <https://web.laregents.org/logan/index.pl>.
2. Login using your LOGAN credentials.
  - a. If you are new user and do not have a LOGAN login, please click on "New user registration" to register.
  - b. If you have logged into LOGAN before and have forgotten your credentials please send an email to [support@laregents.org](mailto:support@laregents.org).
3. After logging in, click on "OPT-IN Proposals" and use the provided online form to select and upload the PDF document.
4. If upload is successful, send the proposal to your sponsored programs office by clicking the "Send Proposal to OSP/OSR". A proposal number will be assigned after the proposal is successfully sent to the PI's Office of Sponsored Programs/Research.
5. An email confirmation will be sent to the PI with the proposal number.
6. The OSP/OSR will review the proposal, and, if approved, send the proposal to the Board of Regents.

Instructions for the OSP/OSR:

1. Go to URL: <https://web.laregents.org/logan/index.pl>.
2. Login using your Institutional credentials.
3. Select "OPT-IN Proposals".
4. Follow simple onscreen instructions to submit the proposal to the Board of Regents, EPSCoR office.
5. An email will be sent to both the PI and the OSP/OSR to confirm successful submission of the proposal.

If **both** the PI and the OSP/OSR do not receive confirmation emails within 12 hours, the proposal was not received. In that case, send an email to [support@laregents.org](mailto:support@laregents.org).

### II.A.2 Format Requirements

The Project Description section must be clear, readily legible, and conform to the following requirements (which are identical to NSF proposal preparation requirements):

- must be formatted to a standard 8-1/2" x 11" page
- all pages are to be numbered consecutively
- Margins, in all directions, must be at least an inch

- No more than six lines of text within a vertical space of one inch

One of the following typefaces identified below must be used:

- Arial, Courier New, or Palatino Linotype at a font size of 10 points or larger
- Times New Roman at a font size of 11 points or larger
- Computer Modern family of fonts at a font size of 11 points or larger

A font size of less than 10 points may be used for mathematical formulas or equations, figure, table or diagram captions and when using a Symbol font to insert Greek letters or special characters. Pls are cautioned, however, that the text must still be readable.

These format requirements refer only to the Project Description, not to the required forms attached to this RFP.

## **II.B Proposal Components (must be compiled in the order given below)**

**II.B.1 Cover Page (Use attached form.)** Note: the list of prospective reviewers must immediately follow the Cover Page.

### **II.B.2 Summary**

A 200-word summary of the proposed activity is required.

### **II.B.3 Project Description**

**For Category I Proposals**, the project description must not exceed ten (10) pages, and should:

- Describe the significance of the project relative to research in its general field and to the industrial partner(s), elaborating on scientific merit;
- Provide a statement of work, listing the major research tasks to be carried out, a timeline with milestones for accomplishing the tasks, and expected outcomes;
- Explain the potential impact the project will have on workforce training, creation and/or retention of jobs, increasing competitiveness, attracting new investments, and economic development in Louisiana;
- Provide a statement that indicates how your project relates to Louisiana's Science and Technology Plan (FIRST Louisiana) framework.
- Describe plans for sustaining the project after the funding period has expired; e.g., planned proposal submissions that could result from the work.

**For Category II Proposals**, the project description must not exceed ten (10) pages, and should:

- Describe the prototype to be built, the work that has already been performed, status of disclosures, patents, etc.

- Describe the project's significance relative to commercialization, creation of spin-off companies, and economic development in the State;
- Provide a statement that indicates how your project relates to Louisiana's Science and Technology Plan (FIRST Louisiana) framework.
- Provide a statement of work, listing the major tasks to be carried out, a timeline with milestones for accomplishing the tasks, and expected outcomes;
- Describe specific plans for further development after the prototype is built.

**For Current or Prior OPT-IN award recipients**, the project description must include a single page (which is **not** included in the 10-page limit mentioned above), that provides

- Title of current or prior OPT-IN project;
- Amount of award, both State and (if applicable) Industry/Business partner
- Name of Industry/Business partner, if applicable
- Description of accomplishments from previous/current support

For information on proprietary information and confidentiality, see section II.B.10 of this RFP.

#### **II.B.4 References Cited**

References Cited are not considered part of the ten-page project description.

#### **II.B.5 Budget and Budget Narrative – Use attached budget form**

A summary budget covering the award period is required. A one-page budget justification/explanation must also be included. All industrial sponsor matching commitments must be listed on the budget page and explained in the budget justification/explanation.

#### **II.B.6 Biographical Sketches – Use attached form or NSF form**

Biographical sketches of the Principal Investigator (PI) and any faculty collaborators are required and must not exceed two pages each.

#### **II.B.7 Current and Pending Support – Use attached form or NSF form**

Current and Pending Support forms for the PI and any collaborators are required.

#### **II.B.8 Facilities, Equipment, and other Resources – Use attached form or NSF form**

Do not exceed one page.

#### **II.B.9 Letters of Support/Commitment**

All commitments of industry/private cash match require a letter of commitment from the industry sponsor(s) that clearly states the amount of cash match. For **Category II** proposals, a letter of support from the PIs Department Chair, College Dean, or Center

Director is required. Letters of interest/support from potential users/developers/investors of the prototype are encouraged. Letters should be addressed to Dr. Michael Khonsari, Associate Commissioner for Sponsored Programs Research & Development.

Letters are to be included at the end of the proposal, and are not considered part of the ten-page project description.

### **II.B.10 Proprietary Information and Confidentiality**

Without assuming any liability for inadvertent disclosure and except for purposes of evaluation, the Board of Regents will limit dissemination of, or access to, information certified to be of confidential or proprietary nature which falls into a category described by R.S. 44:4(16), as long as the following conditions and assurances have been met and guidelines have been followed:

(a) The information to be protected must accompany the full proposal and each page of the information to be protected must be clearly and conspicuously identified and marked as confidential. Revisions, amendments, and addenda will not be accepted after the proposal has been submitted.

(b) A letter must be included in the appendix which:

- i. Briefly explains and certifies the need for confidentiality;
- ii. Contains complete identification and mailing addresses of all entities (faculty or staff members, private or public concerns) which have a right to, or ownership of, the confidential information;
- iii. In the case of public institutions of higher education, provides assurance that this request is in accordance with the rules and regulations adopted by the institution's management board with respect to R.S. 44:4(16); and
- iv. Is signed by all entities identified in II.B.10.b.ii.

The information to be protected and the letter described in II.B.10.a. and II.B.10.b. must be reviewed by the chief administrator of the applicant's university or his/her designee, and he/she must certify in writing that the information is of a confidential or proprietary nature which falls into a category described by R.S. 44:4(16). This signed certification must be included as an appendix to the proposal.

A person or entity wishing access to documents and/or records as defined previously in this section may request such access by making a specific request to the researcher(s) and any other entity having a proprietary interest. Unanimity among all entities having a proprietary interest is required prior to release of information previously deemed confidential. In cases of denial of a request for access to protected information, the only recourse is an appeal through a court of law. The Board of Regents does not assume any liability for the release of protected information when the release is ordered in accordance with State or Federal laws.

### **III. Questions About This RFP**

Specific questions concerning this RFP and the requirements set forth herein should be directed **in writing** to Mr. Jim Gershey, Executive Director of Special Programs, by

sending an email message to [jim.gershey@la.gov](mailto:jim.gershey@la.gov). Questions will be accepted and answered **through 4:30 PM, Thursday, May 8, 2014**. A running compilation of all questions asked about this RFP and all answers provided in response to those questions will be periodically posted on the BoR website at <http://laregents.org>.

## COVER SHEET FOR PROPOSAL TO THE BOARD OF REGENTS

FOR CONSIDERATION BY BoR ORGANIZATION UNITS(S)  <b>LOUISIANA EPSCoR</b>		<b>CHECK ONE:</b>  <b>CATEGORY I</b> ____ -  <b>CATEGORY II</b> ____		
PROGRAM ANNOUNCEMENT/SOLICITATION NO./CLOSING DATE <b>OPT-IN/FY2013-14/Second Round/May 22, 2014</b>		Institution's Proposal ID (optional)		
NAME OF ORGANIZATION TO WHICH AWARD SHOULD BE MADE:		ADDRESS OF AWARDEE ORGANIZATION, INCLUDING ZIP CODE:		
TITLE OF PROPOSED PROJECT:				
REQUESTED \$ AMOUNT OF EPSCOR FUNDING \$		TOTAL \$ AMOUNT OF INDUSTRIAL PARTNER CASH MATCHING \$		
NAME OF INDUSTRIAL PARTNER		AMOUNT OF CASH MATCH	IS INDUSTRIAL PARTNER BASED IN (OR HAVE A BUSINESS PRESENCE IN) LOUISIANA? YES/NO	
NAME OF INDUSTRIAL PARTNER		AMOUNT OF CASH MATCH	IS INDUSTRIAL PARTNER BASED IN (OR HAVE A BUSINESS PRESENCE IN) LOUISIANA? YES/NO

Co-PI NAME, INSTITUTION, AND DEPARTMENT (TYPE or PRINT)		Highest Degree, Yr	Telephone Number	Email Address
Co-PI NAME, INSTITUTION, AND DEPARTMENT (TYPE or PRINT)		Highest Degree, Yr	Telephone Number	Email Address

**APPLICANT MUST PROVIDE NAMES OF PROSPECTIVE REVIEWERS – SEE BELOW:**

**On a separate page immediately following this cover sheet**, provide the name, title, affiliation, mailing address, telephone number, and e-mail address for at least three U.S. out-of-state scholars in the specific field of your proposal who are qualified to evaluate your proposal and/or who can recommend other individuals who are qualified to evaluate your proposal. Names of potential reviewers from institutions where the applicant has taught or was a student should not be provided.

**Conflict of Interest Criteria:**

Reviewers cannot 1) have been a Louisiana faculty member during the previous five years; 2) have collaborated on a publication, funded project, or as a paid consultant with the applicant during the past five years; or 3) have supervised the master's thesis, doctoral candidacy, or post-doctoral work of the applicant.

**Reviewers will be required to sign the following statement:**

By signing this form (or printing your name where indicated and returning this form electronically), you agree to maintain in confidence any information, documentation, and material of any kind (hereafter referred to as "Material") included in this proposal. You further agree not to divulge, publish, file patent application on, claim ownership of, exploit or make any other use whatsoever of said "Material" without written permission of the principal investigator. You also certify that, to the best of your knowledge, no conflict of interest exists or is created as a result of your review of this proposal.

## BIOGRAPHICAL SKETCH

---

Provide the following information for the senior personnel on the project. Begin with the Principal Investigator/Project Director.  
**DO NOT EXCEED 2 PAGES PER PERSON.**

---

- A. Vitae, listing professional and academic essentials and mailing address.
- B. List up to 5 publications most closely related to the proposed project and up to 5 other significant publications, including those being printing. Patents, copyrights, or software systems developed may be substituted for publications. Do not include additional lists of publications, invited lectures, etc. Only the list of up to 10 will be used in merit review.
- C. List of persons, other than those cited in the publication list, who have collaborated on a project or a book, article, report or paper within the last 48 months, including collaborators on this proposal. If there are no other collaborators, please indicate that fact.
- D. Names of graduate and post-graduate advisors and advisees.  
The information in C. and D. is used to help identify potential conflicts or bias in the selection of reviewers.
