

27th National

NSF EPSCoR CONFERENCE

TRANSLATING STAKEHOLDER NEEDS INTO IMPACTFUL
RESEARCH OUTCOMES

May 22- 25, 2022
PORTLAND, MAINE

About the Conference

Join us in person for the combined 27th NSF EPSCoR National Conference and 2022 EPSCoR PI Meeting, Sunday, May 22 – Wednesday, May 25, 2022 in Portland, Maine under the theme “Translating Stakeholder Needs into Impactful Research Outcomes.”

The combined conference has been designed to serve as a collaborative forum for interactive presentations and dialogue on rising trends in science, research and broadening participation. Keynote and breakout sessions will cover topics such as economic development, convergence research, science of team science, diversity, education, outreach, data management, communications and community science. Graduate students and jr. faculty members will have the opportunity to participate in professional development workshops and networking events.

The Conference will begin with a preconference Workshop on Sunday, May 22nd focusing on designing, implementing, and leveraging Citizen Science projects and tools to engage a diverse audience in hands-on science research.

Primary Venue:

The Westin Portland Harborview
Portland, Maine

Airports and Shuttles

Portland International Jetport
Boston Logan International Airport
Concord Trailways Bus Service

Registration Begins:

Wednesday, Dec. 1, 2021
