IV. PROCEDURE AND DEADLINE FOR SUBMISSION OF NOTICES OF INTENT & PROPOSALS

A. NOTICES OF INTENT

Before a full RCS proposal will be accepted, the applicant must first submit a completed notice of intent form for the research proposal to be submitted. The notice of intent must be submitted via LOGAN to the Board of Regents by 4:30 p.m. Central, September 27, 2021 or, if that day falls on a Saturday, Sunday, or holiday, on the following working weekday by 4:30 p.m. Central. One of the primary purposes of the notice of intent is to assist the Support Fund R & D Program staff in identifying potential reviewers in the event an expert in a particular research field is needed. Failure to provide the required information on potential reviewers as described in the instructions in LOGAN, including email addresses, may result in disqualification of the notice of intent. In this event, the full proposal for which the notice of intent was filed will not be accepted.

NOTE: All rules, regulations, and limitations in the RFP for RCS research proposals (e.g., limitations on the maximum amount of funds that may be requested per annum, the number of proposals that may be submitted) also hold true for the RCS notice of intent. Note that both notice of intent and proposal submission processes include two steps: submission by the PI to the campus, and campus approval with submission to the Board or Regents; a proposal cannot be accepted by the Board until both steps are completed.
