

**EPSCoR**  
**Louisiana Materials Design Alliance (LAMDA)**  
**Seed Funding Track 1 C: Postdoctoral Research Award**

Answers given by Board of Regents staff in response to questions in response to the Request for Proposals (RFP) as of **July 8, 2022**, which was the last day to answer questions.

**Proposals Due: July 25, 2022**

Question:

I already received a track 1C LAMDA seed grant for the year 2022.

I wanted to know if it was ok for me to apply again? If yes, could the funding be awarded for the full year 2023 and not from 08/15/22 to 08/14/23?

Answer:

Yes, you are eligible to apply again for this round of competition. All funded awards will have the same period of performance, which is anticipated to be 8/15/22 – 8/14/23.
