MEMORANDUM

TO: Directors, Offices of Research and Sponsored Programs

FROM: Carrie Robison, Deputy Commissioner for Research and Sponsored Initiatives 

RE: I. Availability of FY 2026–27 Board of Regents Support Fund Requests for Proposals  
II. FY 2026–27 BoRSF Deadlines  
III. Important Notices

**I. AVAILABILITY OF FY 2026–27 BOARD OF REGENTS SUPPORT FUND REQUESTS FOR PROPOSALS**

Requests for proposals (RFPs) for FY 2026–27 are now available on the Research and Sponsored Initiatives website (<https://rsi.laregents.edu>) for the following Board of Regents Support Fund (BoRSF) competitive grant programs and subprograms: (1) Departmental Enhancement; (2) Research Competitiveness Subprogram (RCS), including One-Year RCS; (3) Industrial Ties Research Subprogram (ITRS), including Proof-of-Concept/Prototyping (PoC/P) Initiative; (4) Awards to Louisiana Artists and Scholars (ATLAS); (5) BoR/SREB Doctoral Support Initiative; (6) Endowed Chairs for Eminent Scholars; (7) Endowed Superior Graduate Student Scholarships; and (8) Endowed Two-Year Student Workforce Scholarships. Current pre- and post-match policies for non-competitive Endowed Professorships/First-Generation Scholarships, including requirements for submission of match requests, are also available on our website. We would appreciate your disseminating this notice as widely as possible at your institution.

Across all programs, the BoRSF seeks projects that, if funded, are likely to have clearly defined, significant benefits for Louisiana higher education and economic development. All grant programs emphasize alignment of limited resources with campus role, scope, mission, and strategic priorities, as well as impact of project activities and plans to sustain or grow project benefits after short-term BoRSF funding has ended. It is critical that potential applicants to all programs carefully read RFPs in their entirety to understand the types of projects solicited and the goals and objectives of each program.

## III. IMPORTANT NOTICES

A. Availability of LOGAN Submission Modules: Submission modules for all BoRSF subprograms will be available in LOGAN **no later than July 17**. Potential applicants should consult the appropriate RFP(s) for instructions to access the system. Note that LOGAN submission modules will close immediately following deadlines published in the RFPs. **No submissions may be completed or changes made after published deadlines, and no extensions may be granted.**

B. General Information and Meetings with Program Managers: BoRSF staff will continue to provide opportunities for potential applicants to receive a general overview of the BoRSF and meet one-on-one with program managers. A general session on BoRSF funding opportunities will be held in late August via Zoom. In

addition, virtual sessions with individual program managers will be available to potential applicants in September. Institutions may invite staff for on-campus sessions with faculty, though availability is limited so campuses hosting in-person sessions must make efforts to invite faculty and staff from other institutions within the host region to participate.
